Report Prepared ByEd Stankiewicz
Co-Ordinator of Current Budget**Division Review**Cheryl Mahaffy
Manager of Financial Planning & Policy/Deputy Treasurer**BACKGROUND**

The purpose of this report is to provide Council with a list of user fees for 2006 (see attached), as well as an explanation of the changes to the fee structure since 2005.

The current policy and by-law applies to all user fees with the exception of water, wastewater, waste management, building services and police fees, which are covered under different by-laws.

Effective January 1, 2006, most miscellaneous user fees were increased by the rate of inflation as per Council policy. The inflationary factor is determined by the September 2005 Consumer Price Index, which was 3.4 percent, and the fee changes were included in the 2006 Budget approved by Council.

Some recreational user fees will reflect the inflationary increase effective April 1, 2006 or September 1, 2006 to coincide with the playing season. In September of 2006, the harmonization of the arenas will be complete. In addition, playfield and pool rates continue to be increased in a manner to achieve harmonization across the City. As a result of the acceptance of a budget option in the 2006 Current Budget, harmonization of community hall rates will take place.

Some crypt fees for less desirable locations at the Mausoleum have been decreased as a result of market conditions.

Emergency Medical Services fees (crews for special events) have increased more than the rate of inflation to account for the increase in pay as a result of reclassification of paramedics, as well as the significant increase in fuel prices.

Since most general fees are rounded to the closest dollar, there may be no increase in 2006 for some fees, as the adjustment would be minimal. In other cases the increase may be greater than the inflation rate, as the fee has been adjusted for the first time in many years, thus incorporating years of inflation. Certain fees will not be increased as they may adversely affect revenue generation. The transit pass fee schedule has not been increased for 2006 as staff suggest that increases in 2006 rates would have a negative effect on ridership. Other changes to fees are too costly to the operation, such as parking fees which would not generate sufficient revenue to cover off the additional costs of new signage.

The reopening of the Adanac Ski Hill has required a new fee schedule to be introduced.

In addition, the attached schedule reflects omissions and corrections of some incidental fees.

Date: April 19, 2006

Senior Definition

Council recently revised the definition of Senior from sixty-five (65) to fifty-five (55) for all applicable recreational programs and facilities and for Transit Services. This will have no affect on the rates but will allow adults aged 55+ to access the senior rate. This rate will be eligible immediately to adults aged 55+ for most programs. However, the Transit Services schedule will be effective June 1, 2006 as administrative changes will have to take place to accommodate these individuals.

SUMMARY

Most miscellaneous user fees increased by inflation effective January 1, 2006. Since the new definition of Senior has now been adopted, the lower rate for usage will be available to adults fifty-five (55) years of age and older.

Attached is a comprehensive list of all miscellaneous user fees.
