Title: Silver Hills Subdivision, Sudbury Extension of Draft Plan Approval

Date: Monday, February 26, 2024

Moved By Councillor Landry-Altman

Seconded By Councillor Leduc

THAT the City of Greater Sudbury's delegated official be directed to amend the conditions of draft approval for a plan of subdivision on those lands described as PIN 73580-0576, Lot 1, Concession 4, Township of McKim, as outlined in the report entitled "Silver Hills Subdivision, Sudbury Extension of Draft Plan Approval", from the General Manager of Growth and Infrastructure, presented at the Planning Committee meeting on February 26, 2024 as follows:

1. Amending Condition 9 to:

"That this draft approval shall lapse on March 27, 2027".

2. Deleting Condition 22 and replacing it with:

"A stormwater management report and associated plans must be submitted by the Owner's Consulting Engineer for approval by the City. The report must address the following requirements:

- a. The underground storm sewer system within the plan of subdivision must be designed to accommodate and/or convey the minor storm flow, that is, the rainfall runoff resulting from the subject site and any external tributary areas using the City's 2-year design storm. The permissible minor storm discharge from the subject development must be limited to the existing pre-development site runoff resulting from a 2-year design storm. Any resulting post development runoff in excess of this permissible discharge rate must be controlled and detained within the plan of subdivision;
- b. The underground storm sewer system within future Silver Hills Drive right-of-way, within the plan of subdivision must be designed to accommodate and/or convey the minor storm flow, that is, the rainfall runoff resulting from the subject site and any external tributary areas using the City's 5 year design storm;
- c. The overland flow system within the plan of subdivision must be designed to accommodate and/or convey the major storm flow, that is, the rainfall runoff resulting from the subject site and any external tributary areas using the City's 100 year design storm or Regional storm event, whichever is greater, without causing damage to proposed and adjacent public and private properties. The permissible major storm discharge from the subject development must be limited to the existing pre-development runoff resulting from a 100 year design storm or Regional storm event, whichever is greater;
- d. A hierarchical approach to stormwater management must be followed as described by the Ministry of the Environment, Conservation and Parks and as amended by City of Greater

Sudbury most recent Stormwater Management Guide and Engineering Design Standards;

- e. “Enhanced” level must be used for the design of stormwater quality controls as defined by the Ministry of the Environment, Conservation and Parks;
- f. Stormwater management must further follow the recommendations of the Ramsey Lake Subwatershed Study;
- g. The drainage catchment boundary including external tributary catchments and their respective area must be clearly indicated with any stormwater management plan;
- h. The final grading of the lands shall be such that the surface water originating on or tributary to the said lands, including roof water from buildings and surface water from paved areas, will be discharged in a manner satisfactory to the General Manager of Growth and Infrastructure;
- i. Minor storm drainage from the plan of subdivision shall not be drained overland onto adjacent properties; and,

Existing drainage patterns on adjacent properties shall not be altered unless explicit permission is granted. The owner shall be responsible for the design and construction of any required stormwater management works to the satisfaction of the General Manager of Growth and Infrastructure as part of the servicing plans for the subdivision and the owner shall dedicate the lands for stormwater management works as a condition of this development.”

Title: Request for Review of Community Improvement Plans Program

Date: Monday, February 26, 2024

Moved By Councillor Fortin

Seconded By Councillor Cormier

As Amended

WHEREAS The City's 2019-2027 Strategic Plan includes a goal to revitalize Greater Sudbury's Downtown and Town Centres with public investment that supports private investment;

AND WHEREAS it is a goal of the Strategic Plan to demonstrate the creative use of Community Improvement Plans (CIPs) to incentivize economic growth;

AND WHEREAS the Strategic Plan seeks to evaluate the potential to partner with private sector developers through CIPs or directly to increase or accelerate mixed-use rental housing projects;

AND WHEREAS The City regularly conducts service reviews to examine options for improving service levels and/or reducing the City's net costs;

NOW THEREFORE BE IT RESOLVED that staff be directed to return with a report by the end of Q2, 2024 outlining policy options, including but not limited to, the following parameters of the Strategic Core Areas Community Improvement Plan:

- All Façade Improvements
- Concurrent applications per property (owner and tenant)
- Business Improvement Areas Tenant Attraction (Loan) program
- Program caps based on project value vs. set amounts

AND BE IT FURTHER RESOLVED THAT effective March 1, 2024, those portions of new applications to CIP programs which include all façade improvements, the loan program, or concurrent applications involving both an owner and tenant on the same property, will not be accepted by the City pending further direction from Council;

AND BE IT FURTHER RESOLVED THAT all other applications or portions of applications which do not include the above elements will be considered by the City per established processes.
