IMPORTANT

DO NOT change settings which are built into this FIR2021, or the FIR2021 file will NOT function properly.

The FIR2021 has been pre-formatted to ensure that every user can complete the FIR Schedules with efficiency and accuracy.

Do Not CUT and PASTE (or similarly Drag and Drop)

CUT and PASTE (or Drag and Drop) will greatly affect many or all of the background formulas and links that have been incorporated into the FIR2021. If you cut and paste any information into the FIR file, unfortunately the only way to correct the file is to download a new copy and start over.

It is also recommended that you DO NOT Copy and Paste. However, the Copy and Paste feature may be used with caution providing that information is only copied and pasted from an open workbook within the same Excel application that is currently running the FIR2021. Information that is copied and pasted from one Excel application to another is treated as a cut and paste and will damage the FIR file. Also, DO NOT Paste into a cell that contains a drop-down LIST, otherwise the LIST, CHECKS and calculations will no longer function.

Do Not set up the FIR2021 file as a "Shared Workbook"

Setting up the file as a shared workbook will not allow the macros to function properly.

Failed to Configure Planning Connection

If you encounter "Failed to Configure Planning Connection" during setup, backup or submission of your municipality, please reset your password.

Text data and quotations

When entering text fields, please avoid using single(') or double(") quotes. Text with quotations will cause serious system loading problems at our end.

For example, Property Class 'C' or Property Class "C" should be entered as Property Class C

Backup and Restore

From time to time please "Backup" your working version from the USER_CONTROL tab.

Should you need to recover your work, click on the "Restore" button.

Upon Completion

After clearing the critical and verify edit checks, please submit your FIR by pressing the "Submit" button on the User Control Panel and following the instruction prompted. The current workflow status flag will be updated to "Submitted Under Review".
